

Shepherd's Harvest
Sheep and Wool Festival
May 10 & 11, 2008

January 18, 2008

Greetings!

This unusually warm winter has us all thinking about spring and the exciting events we all enjoy during that season of new growth.

One such event is the **Shepherd's Harvest Sheep and Wool Festival**, held each **Mother's Day weekend** at the Washington County Fairgrounds in Lake Elmo, Minnesota. It's a special time featuring a wonderful mix of fiber and livestock demonstrations, classes, vendors and displays of equipment, fiber, yarns, artwork and handcrafted items, and much, much more. This ever-expanding festival attracts fiber lovers from all over the five-state region. Last year's attendance was about 5,000.

Shepherd's Harvest is again welcoming advertising from all fiber related businesses and individuals with product or livestock to sell. Our festival includes a booklet featuring our vendors and their wares. This is an excellent opportunity to reach festival goers both new and old. The booklet is a much-anticipated part of the festival, and has a shelf life of a year or more. Festival attendees utilize the booklet to shop for fiber related products throughout the year.

If you offer products of interest to textile artists, spinners, knitters, home schooling families, livestock owners, weavers and other fiber arts connoisseurs, you'll want to consider this cost efficient advertising opportunity. Ads will be posted on the web-site as well.

Your check must be received before the ad will be submitted for publication—thanks in advance!
Ads should be submitted no later than **February 15, 2008**.

We are excited to extend this opportunity to you, and know you will be happy with the new customers you'll meet as a result of working with us! If you'd like more information on the festival itself or its attendees, you may reach Winnie at 763-441-3452 or winnruss@msn.com.

Thank you,
The Shepherd's Harvest Planning Committee
