

Shepherd's Harvest  
Sheep and Wool Festival  
May 8 & 9, 2010

February 2010

Greetings!

Although winter is still here our thoughts turn to spring and the exciting events we all enjoy during that season of new growth.

One such event is the growing **Shepherd's Harvest Sheep and Wool Festival**, held each **Mother's Day weekend** at the Washington County Fairgrounds in Lake Elmo, Minnesota. It's a special time featuring a wonderful mix of livestock demonstrations, classes, vendors and displays of equipment, fiber, yarns, artwork and handcrafted items, and much, much more. This ever-expanding festival attracts fiber lovers from all over the five-state region.

Shepherd's Harvest is again welcoming advertising from all fiber related businesses and individuals with product or livestock to sell. Our festival includes a booklet featuring our vendors and their wares. This is an excellent opportunity to reach festival goers both new and old. The booklet is a much-anticipated part of the festival, and has a shelf life of a year or more. Festival attendees utilize the booklet to shop for fiber related products throughout the year. Last year 3000 booklets were distributed and 4500 were downloaded from the web site.

If you offer products of interest to textile artists, spinners, knitters, home schooling families, livestock owners, weavers and other fiber arts connoisseurs, you'll want to consider this cost efficient advertising opportunity. Ads may be posted on the web-site as well.

*Your check must be received before the ad will be submitted for publication—thanks in advance!*  
Ads should be submitted no later than **March 1, 2010**.

We are excited to extend this opportunity to you, and know you will be happy with the new customers you'll meet as a result of working with us! If you'd like more information on the festival itself, please visit our web site [www.shepherdsharvestfestival.org](http://www.shepherdsharvestfestival.org)

Thanks for your support of the Festival!
